Are you looking for a fun youth organisation for your daughter?

Then why not check out our Girls' Brigade company as we have a full range of enjoyable activities that cater for all girls. It is a great place to meet life-long friends, encourage girls to be more confident and free to be themselves.

We offer a varied programme through the GB session appealing to all girl's interests. Girls work towards badges in four key areas - spiritual, physical, educational and service. Weekly activities include Bible teaching, games, crafts, drama, singing and helping others. Girls can also take part in camps, DofE Award and young leadership training. Awards can be achieved for regular attendance at company nights.

We meet on a weekly basis from September to April/May each year and each section has trained female volunteers to look after the girls. We are based in our local church or mission. It is not necessary to be a church member to join our GB; feel free to come along to our Sunday services and other activities.

You are welcome to call in on our meeting night and we will be happy to tell you all about our GB company and the programme we have planned for this coming GB session.

Seek, Serve and Follow Christ
